

A light terror game

High replayability
Easy to learn
Solo mode

Aliens are trying to kill the crew

Evacuate the space station!

... but be careful with the thieves

SPACE STATION PANIC

Overview

Every player controls **3 crew members** in a scientific space station. Suddenly two aggressive aliens arrive and everybody tries to flee with the research data.

How to play

- Move your crewmen.
- Get the USBs that are spread across the laboratories.
- Steal USBs from your oponents.
- Entangle the aliens and your oponents.
- Clon your dead crew members.
- Use the spaceship to scape

**The aliens move around
on their own!!!**

Two ways of victory

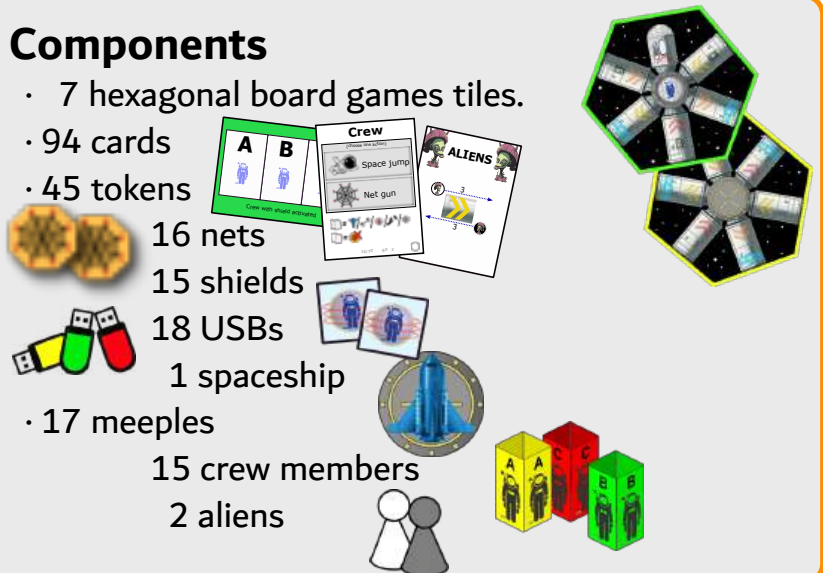

- Be the first fleeing with all information.
- Be the first to evacuate the whole crew.

Mechanics

- modular board
- race to finish
- action selection
- hand management
- grid movement
- take that
